Dr. J. C. Smith

Handwritten cursive script, likely a signature or name.

Amos

A close-up photograph of a brown, textured surface, likely the cover or endpaper of an old book. The surface is covered in a faint, repeating pattern of stylized, swirling lines, possibly a decorative paper or a blind-stamped design. The lines are a slightly darker shade of brown than the background, creating a subtle, elegant pattern. The texture of the material appears slightly grainy and aged.
